

*Save the child, save the future*

**CHILD SPONSORSHIP PROGRAM**

# Thank You!

Dear Sir/Madam

Thank you for considering sponsoring a child through Vision For Vulnerable Communities Foundation. Because of gracious donors like you, we have successfully sent children to school in Nabweru South, Uganda. The opportunity to attend school is a crucial part of ending the cycle of poverty; however many families struggle to afford school fees, supplies and uniforms. These obstacles prevent thousands of children from attending school every day; but with your help a child will be given the opportunity to attend school and build a better foundation for the rest of their life. All of the information to make your charitable decision is available in this brochure. However, if you have specific questions, feel free to contact us on email and calling us directly.

## **SPONSORSHIP PROGRAM FUNCTIONS**

### **Vision Homestead Scholarship (VHS)**

Through the VIVCOM Foundation Child Sponsorship Program, underprivileged children are set up with donated funds to pay for necessary fees to attend primary and secondary school.

We work closely with reputable government Institutions and a number of private schools in and around Nabweru, including our own Timeness Infant School. This ensures that all Sponsored children receive quality education.

### **Education Essentials Support**

In addition to school fees, We provide necessary essential needs required for school attendance, such as:

- School Uniforms
- School Books
- School Bags and Supplies
- Food during school hours

### **Health Support**

In addition to school fees and essential materials, Our Sponsorship Program helps support the medical needs of students, especially those under 11 years old. Medication and regular checkups are funded and provided by our organization through support by the sponsorship. The organization is responsible for taking the child to a health centre with quality services and pays all fees.

## **Overall distribution of funds**

Administration: 10%

School Fees: 50%

Medical care: 20%

School Essentials including meals: 20%

## **How we choose whom to sponsor?**

We are born and raised in Slum areas and so we know which people need the help. We also work hand in hand with the community leaders who refer most of the beneficiaries to our office. We also do a need assessment on a monthly basis and community mapping to identify families that need help in Nabweru.

## **Does AFFCAD choose the school of the child?**

For children who are already enrolled in school but are unable to continue due to financial reasons will remain at their school if the standard of education is good. For those who are not yet enrolled in the school, we will choose the school of the child with the help of the parent. We do this to ensure that the school is accessible and with a good standard.

## **How long does my sponsorship take?**

The period of your sponsorship depends on your own commitment. We ask you kindly to sponsor your child until his/her career if possible but the choice is upon you. But if you choose to cancel your sponsorship it is better to inform us in advance.

## **How much do I pay for sponsorship?**

Primary sponsorship: \$300 per term or \$900 a year

Secondary sponsorship: \$600 per term or 1800 a year

This amount is paid to VIVCOM Foundation using our payment procedures.

## **What happens when my child finished primary/secondary School?**

VIVCOM Foundation will contact you a year before your sponsored child finishes any of the level of education. If you choose to continue with your child to the next level, you will have to contact us but with knowledge of an extra pay for each level.

## **How will I contact my sponsored child?**

You are welcome to visit and write to your child. We strongly encourage sponsors to actively write and communicate with their sponsored child. You can create a special relationship with your child through regular communication and ensure that children stay focused and motivated. Sending letters directly to VIVCOM Foundation will ensure that the children receive their letters in a timely manner. Please send letter to the address found on the page below.

## HOW TO SPONSOR A CHILD

Sponsoring a child is a great way to experience the joy of helping needy children and make a long term impact on their lives, if you are ready to make an impact please let us know and get you started
